You are able to make withdrawals using the UK's Faster Payments Service. This means that if your request is received by 3.30pm on a working day, your money will be credited to the recipient account by the end of the following working day.

To use the Faster Payments Service, the sort code of the account to which the money is being sent must accept Faster Payments. As there is a £250,000 limit on individual transfers made by Faster Payments, transactions greater than £250,000 will be sent by multiple transfers.

For online withdrawals, requests will be processed on the day of receipt when the request is received before 2:00pm (not applicable on Saturday, Sunday or Bank Holidays). Requests received after 2:00pm will be processed the following working day and will be available in your bank account the next working day after this. Please see our Online Terms and Conditions for full details of this service.

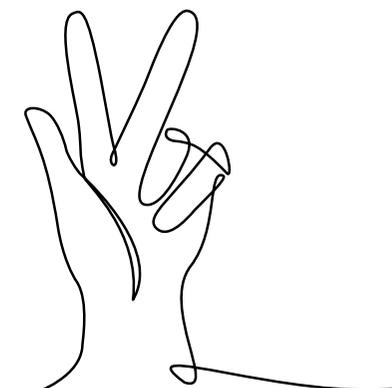

For further information, please call 0800 783 2367.
